JEANS BUTTON · SCRATCH-FREE

Plastic jeans button

Recyclable and scratch-free – the alternative to the metal button.

The jeans button made of recyclable polyamide (PA6) is fastened with an aluminium tack. PA6 is one of the few plastics that neither break nor deform in industrial laundering. Ideal for workwear where scratches must be avoided – for example in the automotive industry.

HOUSEHOLD LINEN	MATERIAL	FASTENING
max. 60 °C	PA6, recyclable	Aluminium tack

- Oeko-Tex certified
- Suitable for industrial laundering
- Scratch-free – protects paint and surfaces
- Available in many colours

Can't find the colour you need?

On request, we dye jeans buttons exactly to your specifications – for example to RAL, Pantone or a fabric sample. We will be happy to advise you on colour, finish and minimum quantity.

- Colour matching to RAL, Pantone or sample
- Matt, glossy, metallic or soft-touch
- Additionally printed or embossed on request
