TEXTILE · FABRIC · THREAD

Tailor’s shears

Textiles are a classic field of application for scissors. In traditional textile production, cloth shears were used to cut off protruding wool fibres from freshly woven fabrics – for a perfectly smooth and even surface. Today they are the proven choice for precise cutting of all kinds of fabrics.

How to read the dimensions

The value in mm is always the **overall length of the scissors** – from the blade tip to the end of the finger loops.

Item L008

Cloth shears L008

Sturdy cloth shears with wide finger loops – the classic for heavy fabrics.

Length **115 mm** · Length **130 mm** · Length **155 mm** · Length **180 mm**

Item L008L

Cloth shears L008L

Long-blade version of the L008 for long, straight cuts.

Length **155 mm**

Item L009

Cloth shears L009

Slim, lightweight fabric scissors for precise cuts and finer fabrics.

Length **105 mm** · Length **115 mm** · Length **130 mm**

Item L011

Cloth shears L011

Robust fabric scissors – from handy sizes to large cutting shears.

Length **115 mm** · Length **205 mm**

Item H8

Cloth shears H8

Compact scissors with pointed blades for thread and detail work.

Length **105 mm**

THREAD · YARN · NEEDLEWORK

Ring-finger scissors

Ring finger scissors – often also called weaver's scissors, thread clippers or trimming scissors – are special hand scissors for cutting threads and yarns quickly and efficiently. They are used in the textile and clothing industry as well as for handicrafts such as sewing or embroidery.

Item L001 (blunt)

Ring finger scissors L001 (blunt)

Ring finger scissors with blunt tips – safe for quickly snipping threads.

Length **115 mm**

Item L003

Ring finger scissors L003

Ring finger scissors with a strong blade for yarns and threads.

Length **115 mm**

Item H3

Ring finger scissors H3

Handy ring-finger scissors for sewing and embroidery work.

Length **112 mm**

EMBROIDERY · DETAIL WORK

Embroidery scissors

Embroidery scissors are small, delicate and extremely sharp scissors with fine, often curved blades. They are ideal for precise detail work where large fabric shears would be too unwieldy.

Item L015

Embroidery scissors L015

Small, delicate embroidery scissors for the finest detail work.

Length **90 mm**

Item K015

Embroidery scissors K015

Fine embroidery scissors with pointed blade for precise cuts.

Length **105 mm**

Item W017

Embroidery scissors W017

Larger embroidery scissors with large finger loops – comfortable in the hand.

Length **130 mm**

ON THE GO · EVERYDAY · TRAVEL

Pocket scissors

Pocket scissors are compact scissors optimised for mobile use in everyday life, when travelling or camping. Their main advantage is their safe, space-saving design: thanks to the rounded blades, they can be carried safely in a trouser pocket or handbag.

Item L022

Pocket scissors L022

Compact pocket scissors with rounded blades – safe on the go.

Length **105 mm** Length **115 mm** Length **130 mm**

Item L033

Pocket scissors L033

Large version with rounded blades for powerful cuts.

Length **230 mm** Length **260 mm**

MEDICINE · CARE · FIRST AID

Bandage scissors

Bandage scissors – often also called Lister scissors – are special medical instruments. They were developed primarily for the safe and painless removal, opening and cutting of bandages.

Item L021A

Bandage scissors L021A

Bandage scissors for safely opening and cutting bandages.

Length **140 mm**

INDUSTRY · YARN · THREAD

Weaver’s scissors

Weaver's scissors are small, particularly fine and robust industrial scissors. They were specially developed for precise work with textiles, yarns and threads.

Item L019A

Weaver's scissors L019A

Compact weaver's scissors with pointed blades for precise work on yarns.

Length **105 mm**

Item H40A

Weaver's scissors H40A

Weaver's scissors with black blade and green plastic handles – good grip for industrial use.

Length **115 mm**

Item H16

Weaver's scissors H16

Fine weaver's scissors with slightly curved tip for threads and textiles.

Length **130 mm**
